RingCentral

RingCentral Extension
Read on to get the details and insights about our latest features and exciting new offers.

RingCentral CloudFax

RingCentral CloudFax™is a free service for all customers that allows you to conveniently send faxes from one application, wherever you are working.

1. Send faxes from Dropbox, Box or Google with just a few clicks. Visit http://cloudfax.ringcentral.com to get started!

2. Use your Box account. Just download the RingCentral CloudFax app for Box.

3. Google Drive. Download the RingCentral Google Chrome app and send faxes directly from Google Drive's file storage platform. Fax any file stored in Google Drive with a single click.
