Subject: Get Dropbox on all your computers!

Date: Sat, 10 Nov 2012 03:55:14 +0000

Hi Lesley,

Do you have more than one computer? By installing Dropbox on each of your computers you can:

- Save a file to all your computers at once.
- Start working on one computer, and continue working on another.
- Get to your photos, docs, and videos from anywhere.

Go ahead and [give it a try!](#)

Thanks for using Dropbox,
- The Dropbox Team

P.S. [Get extra space free.](#)

If you prefer not to receive these tips from Dropbox, please click [here](#).
