We are trying to organize an impromptu get together for tonight...[REDACTED], Steve Sinofsky, Alan Dershowitz and maybe David Blaine (although he still has not responded to me)

I will let you know as soon as I know anything!

Francis, Jeffrey says if no one comes, he doesn't need you to make anything...however you probably need to start prepping now...basically, you could save stuff for tomorrow maybe? you would not need to be at the house tonight if this thing is not happening.

I am inviting Karyna as well!!
