Hey [REDACTED]!

Hope all is well in Paris! Jeffrey talked about going to Stockholm early part of next week so we are tentatively planning Monday to Wednesday staying at Kung Carl close to Stureplan the center of Stockholm in the Victoria Suite which I think he will like and where one can also have a BBB meet? Thinking meeting some top interesting scientists Tuesday...maybe visit to our little BBB office at the school also and whoever else he wants to meet or see.....Let me know or tell him to be in touch with me directly...or with Sana Ajalovic, who will coordinate everything for you...she can be reached at [REDACTED] Or + [REDACTED]

I am here for questions etc

All the Best,

BE
