I have called and they just tell me to wait! this is making me angry...I asked if they could email it and they said I have to wait for the letter to come in the mail and to give it another week...well tomorrow makes 2 weeks from the time they disconnected the line. I'm not sure there is anything you can really do...I appreciate so much all you have done to help us out...

the 159 address and it got lost in the forwarding? Do you think they can email something? I could forward it to you right away if the town will accept that and if the cable co will do it? You must be getting frustrated - such a stupid delay!

I took the sticker home with me but left it on my counter this morning. Let me know if you need the tracking number off of it...I can ask [REDACTED] to text it to me!
