I have called and they just tell me to wait! this is making me angry...I asked if they could email it and they said I have to wait for the letter to come in the mail and to give it another week...well tomorrow makes 2 weeks from the time they disconnected the line. [REDACTED] not sure there is anything you can really do...I appreciate so much all you have done to help us out...

I could forward it to you right away if the town will accept that and if the cable co will do it? You must be getting frustrated - such a stupid delay!

that they were trying to deliver to the wrong house...but just in case, I wanted to let you know. I took the sticker home with me but left it on my counter this morning. Let me know if you need the tracking number off of it...I can ask our nanny to text it to me!
