1 Certain flights require more points and higher taxes/fees to redeem award travel. The number of points required for a particular flight is based on the published base fare at the time of booking, which depends on, among other things, the flight chosen and applicability of peak travel periods. Taxes and fees apply to award flights, are the responsibility of the passenger, and will vary based on your departure and destination cities. For domestic award flights, taxes/fees range from \$2.50-\$5.00 for one-way and \$5.00-\$10.00 for roundtrip flights. For international award flights, taxes/fees range from \$2.50-\$82.10 for one-way and \$22.34-\$102.10 for roundtrip flights. These ranges include the September 11th Security Fee of \$2.50 per enplanement at a U.S. originating airport (maximum of \$5.00 each way). Award flight fares also do not include fees for oversized/overweight/extra baggage and other fees for products/services sold separately. Taxes and fees must be paid at time of award flight booking and are subject to change as required by law.
