[REDACTED] asked JE about the supposed dinner on Thursday with the Gates crew...she says he mentioned Gates, Boris, Terje and Jagbland are coming...did not say what time and provided no other info...only that it was all set..

I have only heard mention of this from JE but he has not communicated anything with me...we will all need to keep our listening ears on and keep the communication open between us on this...and if he doesn't tell anyone what is happening by tomorrow afternoon...well, I guess I will have to ask!

Thanks! [REDACTED]
