Robert

As you know, we are moving towards approval of the financing for the construction of the Groff's' loan. In order to avoid slow downs later on, there are some things we can work on now that would help expedite the process. They are itemized below:

- The contract has some blanks, particularly on the first page that need to be filled in. Paragraph 1 needs the block and lot numbers. Article 3 has three blanks that need to be filled in. Articles 9 and 16 appear to conflict (Elena tells me you might already be working on this).
- Please confirm that the final budget number is \$1,945,765.
- Who are the Connecticut based subcontractors you will be using for the construction (i.e. electrical, septic, plumbing, etc).

Once I get the finalized contract I can send it along with the budget out for review. Thanks for you help with this.

Best regards,

Linda West

Ike and [REDACTED],

Linda and I would like to go over a few things regarding the construction and the contract. Would 2:30 work for both of you?

Thanks

E
