Goodness [REDACTED],

I'm so sorry. I've been underwater since I landed in LA yesterday. And I somehow managed to delete the program me email you sent me. I wanted to take a look at it now. Would you mind resending it?

Thank you!

Best,

Not trying to be a pain, I'm sure you are super busy...just let me know if something would work tonight or possibly over next couple of days. Thanks, [REDACTED]
