>> Jennifer, you were probably planning on this, but if you drivers could be to the airport early that would be great. You never know with winds, etc exactly what time the plane will arrive. I like to tell our drivers to arrive 45 min before the expected arrival. Thanks so much! I know Jeffrey is greatly appreciative. [REDACTED]

We will not be with him for the meeting but he was wondering whether it would be possible for us to drive with him to and from the campus and explore the area while he is meeting with Mr Starr. This would bring us to a total of 5 people for the transportation. Would you be able to accommodate us?
