Hello,

We have not received this gift yet.
You may want to trace this through Fed Ex. We did not receive a scan of the envelope as mentioned below.

Thank you,

between us, as well as the administrative officer in Prof. Lloyd's department, someone will

I was hoping to have a check out to you yesterday! Geez! Hopefully soon...I will be sure to
give you the Fed Ex number of the envelope and scan and email you a copy of what is being
sent!

the first installment of his gift. If you are sending a check, it should be made payable to
MIT (or Massachusetts Institute of Technology), and sent with a note indicating that it is
for discretionary support of Seth Lloyd's research. For planning and recording purposes, it
would also be helpful to know when the second $50,000 is expected.
