Hey [REDACTED]! Sorry to Be in such a Rush! I just didn't want to miss my train (which is still sitting here in the station! Should have left 5 min ago)

Anyway, besides this morning and the weirdness with Francis and Jeffrey thinking he would be going to the island and francis thinking he should be preparing lunch (which made sense to me) it was a fine day.

Hope your time in alb was well spent?! Is your man in CA!! I hope so! I will be in the office tomorrow and we can catch up on the phone if you like

Take care, [REDACTED]
