I can try to find out when JE believes he will be landing...I agree that he will like to speak to this landscape designer.

[REDACTED] and Craig,

Let's make sure this does not interfere with my arrival on LSJ helipad when Je arrives on Wednesday morning,. There is only room for one helicopter on the pad on Lsj for safety,.

If he's coming from St John, that's pretty close to lsj, boat?

I have not heard a confirmed landing time for Wed yet, but je as indicated early wed morn,.

If we depart at 7:30am on Wed this makes my arrival at 11am in STT and 11:30am on LSJ, just estimate, I would imagine je would like to speak to this gentleman,,so let me know the plan, just heads up on heli parking,. maybe the other heli could land by the sun dial on big hilltop? A lot of dirt and blade damage however,.

Just my thoughts

Thx

Larry

Jeffrey has approved this landscape designer to come to the island on Wed. morning...Larry, [REDACTED] and Craig can you coordinate this designers landing.

Craig, please provide me with the landscape designers name.

[REDACTED];

I have a landscape designer that I have contacted to come over and visit LSJ. He was recommended by Rich Cortese. His company does the Westin St John and some other islands in the area.

He is available to come down Wed. morning, 9:30 -11:00

He will be:

- Looking at landscaping
- Looking at dying plants around the owners room and suggesting the correct plant material

- Developing proposals for future maintenance programs.

They will be flying over from St John by helicopter . Is there a way to get permission for him to land on the island.

Thanks;  
Craig
