Larry , ████ says she is staying until tomorrow. Can you find out what time she will leave? We need to clean for another guest who arrives tomorrow night.

Hi Larry ...it is fine for █████ to stay in 10N next Tues, Wed and Thurs! I wish her the best of luck on the job interviews!

Can you let me know what time she will depart on Thursday? We need to turn the apartment around for a guest coming on Friday...thanks!

Hello ████ and █████.
Are 301 apts full next week? My █████ ████ has coordinated several job interviews next week in the city, I was wondering if she could stay Tuesday, Wednesday and Thursday at 301 if there was availability?

Only if they are open,
Many thanks in advance.
The Larry
