Dear Lesley,

Please find attached a selection of recent clips from PopTech. These are meant to be more informal in style and are lightly edited (if at all).

They are:

- 1) An interview with one of the world's leading biotech entrepreneurs, Jonathan Rothberg
- 2) "Digital archeologists recreate computer chips of the past"
- 3) "Snowflakes made to order"
- 4) "Why neuroscience may help save the oceans"

Thanks,

Lindsay

Hi Lesley,

Please pass on my regards to Jeffrey. His project sounds exciting and I would welcome the opportunity to become involved. Opportunities to communicate provocative scientific ideas are much too rare.

I'll be in touch later today with the clips he requested.

Best,

Lindsay
