Darren, I have researched it and all I find is me reminding you about 10 times in January to:

Remind D: Should JE contact Larry Woods about registering in FL? and should JE re register in the VI

As far as I can tell no specific date was given to me to put on the calendar. ..or else I would have put it in. I know this is extremely important. Please , give me all the dates JE is to re-register and I will put them in the calendar with reminders. I don't know what else to say.

How did this fall off his calendar? This is a major issue?
