Hi rich! Sorry for my delayed response. Got a bit busy yesterday! I am now going to bring Craig to NY next week to meet with Jeffrey. Working on his ticket to come Thursday-in and out.

As far as the Reef -we would love an upgrade. I think it is just so nice of you to offer any assistance :) and I don't think anyone ever turns down a chance to ride in a limo. But once again, not necessary if it is a hassle!!
