---

We're getting closer to securing all our year-end matching funds. We only have \$4,233 left to go for all our \$500 matching donors will meet their commitment.

Please, don't just leave those matching dollars hanging out there. That is why I am asking that in these last eleven hours before midnight; [make a year-end contribution to my campaign.](#)

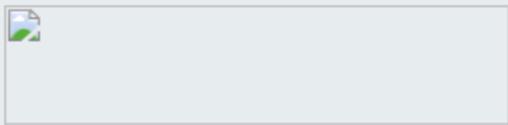

This past year has not been a productive one for Republicans in Congress. They have stood in the way of progress and turning our economy around. As a result, **we're building up a strong movement for 2012.** The momentum is on our side. And that is exactly why so many donors agreed to participate in our \$500 matching program.

So before you head out to celebrate the incoming year, [please make a contribution so that we not only meet our goal, but we exceed it.](#)

Thanks for everything you have done in 2011. Now lets go at 2012 even stronger.

Manan

PS - have a very happy and healthy New Year.
