Please see reply below from Jeffrey:

I appreciate the offer.. give me a realistic time frame.. , I had a pool contractor out today who pointed out how the main pool was troweled with holes left , crevices, it shows less than the diamond brite,, but my concern is using the same trowelers that have screwed up twice already.

Yes, I fully understand and did see this. Please trust me I can make this pool perfect. If you want, To all tile this pool I will do the labor for no charge, I want you happy, and the one time we sat at your table you said you liked me, our work and you liked pools, you stated to me you wanted a round pool up on top of the hill. Again I can make you pleased with my work and would like to build that other pool.

Thanks
