He did. I am going to have him collect the things and drop them. Elen will be at home at 1.30pm (in Soho) so he will have to drop her jewellery at this time as she has no doorman.

Can you please separate the package and put the DVD in an envelope with Peggys name and office address. We gave them to Karyna in a rush so they are just in a ziplock. I will email him the addresses as well and tell him that they will be with the doorman. I will cc you on the email. I know [REDACTED] is also having him run some errands and deliver things to Karyna who will be bringing them to LSJ.
