I looked through the Maguire Redweld and only found Work Order 4 which pertains to Coastal Zone Management...I assume you saw that as well...hopefully Monique will have luck tomorrow when she goes through storage.

I have put the Maguire Redweld back where it belongs...1st Drawer of File Cabinet 3 (the 3 drawer cabinet) It is located in the middle of this first drawer behind DeJohng Group Architects and in front of LSJ Operating File 1 (in case you need this Redweld again!)
