I just tried for Bernard Andersen again on his cell...this time I receive a recording that states the number I am dialing is not valid!

I have emailed him to his Valartis email address...but just don't think he will receive it.

I do not know how else to contact him...unless we called Valartis and asked if they have a forwarding number for him?

[REDACTED] cell (invalid number now)

[REDACTED] Valartis

[REDACTED] Valartis
