fyi...the other day Jeffrey had a vistor at the house (Heidi Holterbosch) While she was standing at the front door the mailman came by with Jeffrey's mail... Heidi told the mailman "oh I'll take that"...and the mailman gave her Jeffrey's mail. The front door wasn't open, the mailman had no idea who she was. ...I have called the post office and asked that Jeffrey's mail get handed to no one. ...that the mail should be put in the mail box only.
