[REDACTED] it took us a while for 10 N, spot clean carpet, wash mattress cover so dirty too, drying took a while too.

Maybe you are aware of this already: window blinds (bedroom) needs fixing: faucet in tub is still leaking, tub is still stained but not like before. Mentioned to [REDACTED] that if she can maintain spot cleaning the carpet it will not look so bad: furnitures, cabinets, mirrors were thick with dust and she is aware to clean that always. We organized closets, cabinets, under sink, ref, micro and stove clean.

11B - Leak in bathroom sink and also can the plumber also check under the kitchen sink

- Closet door is out of line (mirror)

- We did not touched things in closet (entry area)

[REDACTED] did good . Thank you [REDACTED].
