I know that he is on a conf call that was supposed to last 2 hours. I am not sure when it started. Let me see if we can get a note to him.

thank you! Jeffrey just told me however, he MUST speak with Stever prior to this conf. call. He does not want to do the conf. call without speaking to Steve first. Jeffrey is available now!

I will try calling Steve again...but if you could pass the word along too it would be great.

Jeffrey: [REDACTED] or try his cell!
