I am about to go out skiing, but could stop for a call. (The ideal time for me would be after 7PM, EST). The one hitch is that my blackberry was put in the wash last night! I have no mobile email. If you want to reach me, try my temporary cell [REDACTED].

Hello Harry. Jeffrey would like to have a conference call with you, Darren and Harry Beller...wondering if you might be available to do this today sometime after 2:00pm East Coast time.

Please let me know if possible and suggest a time that would work for you.

Thanks so much,
Lesley
