Good Morning Sarah...Dr. Moskowitz wants Jeffrey to get a blood test done today in NY...it was faxed over to QUEST at 115 E. 57th Street...I don't mean to be a pain, but could you please fax it to the Quest at 65 East 76th street (fax #212 879 2379)...it is only a few blocks away from where Jeffrey lives vs the other one (traffic is terrible and would take forever to get there)

I also need a copy of the script emailed to me so Jeffrey can take it with him to the appointment...

Greatly appreciate your help (fyi-I also left a message on the answering machine for Caroline re all of this)

Thanks, Lesley
