Dear Jeffrey,

With the weather brightening and a hopeful pizzazz in the air, spring is nigh! We're celebrating the fresh new season by giving thanks to your continued support: we're waiving the room fees on our beautifully appointed private spaces.

As of April 1st, based on your Founding Membership, we would like to offer you four Private Dining Room or Club Room reservations, plus one Library reservation* with our compliments.

Our rooms are perfect for exclusive meetings, press conferences or luxurious dinners alike. As with all CORE: experiences, trust that our execution will be customized, discerning and flawless.

We hope this gift allows you the flexibility to use CORE: as your preferred place of business or for your next gathering with close friends.

To reserve a space or if you have any questions, please contact me directly at [REDACTED] or a member of the Events Team at [REDACTED] who will be delighted to assist.

Warmly,

Joe Caridi

*please note, there is a minimum food and beverage requirement for the Library
