---

I don't recall offhand.

But none of the current Apple TVs do 4K. There are rumors that we might see a 4K Apple TV this fall, but I don't have high confidence in those rumors.

Thank you,

Rich,  
Since we have a 4K tv now in the gym, can we also have a new apple tv there.

James,  
Gym apple tv was never upgraded correct?

(Adding [REDACTED] so he's aware of the changes being made.)

By my math, we have:

**Apple TVs**

6 AppleTVs for guest apartments (including [REDACTED] & Ehud)  
+2 AppleTVs for staff that has responded  
+ maybe 2 more for staff that have yet to respond

Current 8, possibly 10 total Apple TVs.

## Speakers

Assuming Mr. Epstein approves of the wireless speakers I've recommended, we'll need:

6 Speakers for guest apartments

Possibly up to another 6 for staff apartments

Possibly another 1 each for bedrooms

## Questions:

1. For 1 bedroom apartments, do we want 2 speakers — one for the living room, one for the bedroom?
2. Can we leave Ehud with his cable box, please? ■ hate to take away something they've grown accustomed to being there.

## Notes:

Ideally, we can schedule these changes to be made when the guest apartments are vacant. For the staff apartments, I prefer the resident there unless they request otherwise. I'll be as flexible as possible to get this done.

When I was last @ ■ apartment, she had an AirPort Express plugged into computer speakers for her bedroom. ■ recommend replacing them with the approved solution.

There is a TimeWarner Store location at 3rd & 77th. It's probably simplest if I return the cable boxes there as I remove them.

Apt	Code	Resident	□ tv	Speaker	Bdrm Speaker	Cable box return
2G	25846	■			NA	
3M	7614	GUEST until ■ returns	+1	+1	NA	
7J	1074	Guest-One Bedroom	+1	+1	+1	
8A	20161	Guest-Studio	+1		NA	
8H	31589	■	Existing	?	+1?	NA
10N	25805	■	+1	+1?		
10B	0610	Guest-One Bedroom	+1	+1	+1	
10F	05711	■	Existing	?	NA	NA
11B	61201	■-One Bedroom	+1	+1?	+1?	
11E	03108	■				
11J	20611	Ehud-One Bedroom	+1	+1	+1?	
11P	0417	Guest-Studio	+1		NA	

The recommended AppleTV configuration:

**Apple TV (4th generation) 32GB** \$149.00

Part number: MGY52LL/A

**Apple HDMI-to-HDMI Cable 1.8m** \$19.00

Part number: MC838LL/B

The recommended Speaker configuration (yet to be approved):

**GGMM M3 Retro Wi-Fi Bluetooth Wireless Leather Speaker for Music Streaming** \$170

Once you have the product we can discuss install. Apartments are always changing when it comes to guests.

Hi [REDACTED],

Thanks for this. [REDACTED] cc'ing Rich & [REDACTED] so they can help me coordinate.

I looked at a bunch of speaker options online this morning, to see what would be easiest for guests to use. I believe this will be our best choice:

**GGMM M3 Retro Wi-Fi Bluetooth Wireless Leather Speaker for Music Streaming**  
[REDACTED]

It's loud enough to fill any of the apartments, large enough to not get lost and has a big friendly dial on top to switch between wifi (for streaming from iPhone or iTunes), Bluetooth or headphone jack.

Unlike Bose or Sonos, they don't need special apps on their devices or accounts to log into.

It's a bit of a hassle to join to a wifi network, but that's my problem 😊 & insures that the settings won't get tinkered with after.

And it's not horribly ugly either.

It comes in black, coffee, camel & red. [REDACTED] thinking the camel will blend nicest with the apartments' design.

Does this look good to you?

Thank you,

Hi James,

Mr. Epstein would like you to please install speakers in addition to apple TVs in the apartments at 301 East 66th Street please.

He did not specify what kind. Please let me know if you need any help with that.

Thanks a lot,
