please see below response from Philippe...

Lesley,

as I have said in the initial mail bellow : *"I haven't done any 3D yet as I would like to be sure you like the general line of the project. »*

Last time , Jeffrey has commented only the plans, so I want his thought regarding the plan and the functionality of the house and then I will do the model 3D.
It could be the style he wants.

Looking forward your comments.

Best regards

Bonjour Jeffrey,

Please find attached the study regarding Great Saint James Island. Here the link to download the plans:

You will find a site plan of the all island with several points, conceptual, on the island which, I think, are interesting place.

You will see the new proposal for the house . I have kept the same general idea but with modifications following all comments you did.

I haven't done any 3D yet as I would like to be sure you like the general line of the project.

I am available to talk with you about it .

Hope you will like the general idea of the project.

Best regards.
