below from David at Livermore Partners...shall I tell him you are not interested?

Lesley,

Never heard back while in NYC so wanted to reach out. I'm in Chicago for the next few weeks. Then Toronto the week of Sept 13 for TIFF and an energy conf. Then back in Canada for an activist conference where I'm a panelist.

Would like to gauge interest in our new fund were looking to launch soon. To see if he'd have interest.

We're also moving on some SPV type investments too whereas they're company specific. But very intriguing.

Yours,

David
