I am told we are required to provide a photo ID for Arina to tour the house. They would like the ID by noon today. Please advise if I should request a photo ID from Ariane? (The wiki page was not enough)

Dear Lesley,

Confirming tomorrow (WED) 4pm appointment to view the 5th Avenue building.

According to your emails, the following intend to attend:

Jeffrey Epstein
Ariane de Rothschild
David Mitchell
Karyna Shuliak

Please confirm.

Also, it appears I may have missed Ms. de Rothschild's photo ID. Please resend before noon. A pdf. or even just a photo of the front side typically suffices. Please note, no one whose photo ID is not provided in advance, may be allowed in. In the past, the security has refused access to persons whose IDs were not on file! As said before, this is a foreign government's active diplomatic office so we must respect their security procedures.

Also, be advised that only two main floors, two lower levels and the roof (weather permitting) may be shown.

For your and visitors' reference, below are the "official" requirements/info as we received them from the seller.

Thank you for understanding and complying.

I look forward to welcoming all to the building.

Best, Tristan

This is to remind you of our procedures for your and your prospective buyers' access to the building:

1) full name(s) and brief bio/profile(s) of the Principal (the buyer) AND photo identification of EACH AND ALL persons viewing the building must be provided for your files in advance of a viewing;

2) The principal must be present at viewing;

3) No cameras in the building allowed at any time;

4) All mobile devices must be checked with the building receptionist upon entering the building;

5) Only main rooms, lower levels and roof can be shown until the offer is accepted.

Thank you for understanding the importance of complying to the above steps, so the operation and security of this working foreign government diplomatic office is assured.
