---

Good morning All,

AT&T is not working on the east end of the island and Broadband VI went down Island-wide this morning (I use Surge). There is no way to communicate with the office until one of these is back up. I spoke to Jeanne who connected to the CCT Boat Phone (BVI) service which costs about \$5/minute.

I'll let you know when we are back up and running.

With warm regards,

Cecile
