Good afternoon Lesley

The person in charge of the survey needs to go to the island to start working on Tuesday Dec 19th. His name is Ryan copied in this email.
Please let us know if this works for Mr. Epstein., so they can start coordinating their arrival.

Best regards,

Lorena

Thank you Ryan for your response.
I am copying Lorena Villacorta from our office in this email, she will put you in touch with the owner's rep. so your trips to the islands can be coordinated.
Regarding which island you can start with, we would like you to start with the one that requires less work so you can deliver that one to us first and we can also start our work asap.

Any other questions or comments, please let me know.

Regards,
Paola

Good morning again Ryan,

Following up our telephone conversation, we would like some more information on your survey services for both these islands, topography, existing constructions, landscape, etc.

We are currently in the process of preparing a proposal for these services for the owner, and understand you are familiar with this location.

Looking forward to your information, and please let me know if you have any questions for us.
