He can come in whenever he wishes. I told everybody involved that it is ok. No alarm. I am out of the appointment, so it is convenient to take care of it.

I saw the mattress outside.

Thank you 🙏

Hi lesley,

When we stay here, I don't turn the alarm on, as there is a security guy 24 hours outside the door. So the mattress can be brought in even while I am absent as well as the linen. I will just tell the person outside to let them in.

Just for your information, in case - I will be back at 2 pm today.

YES!! I spoke with ANDREW (he is the superintendent at the apartment building and lives there)... he explained all to me...sounds great! I try to be on top of everything quickly :) Arina will bring up a new duvet but it is unfortunately Queen size, not king size. We will have a new king size purchased and brought along with the mattress tomorrow. I figure a queen size will be better than nothing at all for time being!! Get some rest...we will see Ehud tomorrow at 1pm at Jeffrey's home :)

Hi lesley,

Things happen. Don't worry. You are very quick to respond. That is a very rare quality!

Andrew (or was he Mervin - I don't quite distinguish between them) was he and he turned the mattress "sunny side down" and the linen will be changed on a fresh duvet, so we can sleep today. It is a solution because we have a schedule from 5 PM on tonight.

The new mattress will wait until tomorrow in andrew's office until tomorrow.

Is it OK?

Thanks

Nili

Hi lesley,

Thank you for there welcome goodies.

There is a severe problem - there is a crack in the bedroom ceiling and I think that water have poured to the bed. The covers and the mattress are wet.

Unless there is a possibility to change them, it is not possible to sleep upon.

I don't know how Leo didn't see it because the water are brownish. I entered the room and immediately noticed it. It seems that it happened sometime between we left and now because the ceiling is not wet but you see the crack.

Can you help today, Sunday?

Thanks,

Nili
