Hi [REDACTED]. I called the school this morning and have started the registration process for you...you will receive an email with syllabus for both courses...please read through and make sure these are the correct courses for you... You will also receive the application for the school. You must complete the application form and sign. You will need to send the school a copy of your passport (scanned and emailed) , a copy of your CV, proof of English proficiency (a TOFL certificate perhaps..or a letter from your employer stating you can speak English...have you studied in an English speaking country? provide the certificate or degree...these are all ways you can prove English literacy) Certificates of any schools you attended in Russia (it will need to have official stamp and converted in to English) All this will be in the documentation you receive. Below is the phone number of the man I spoke to and his email address. Please do confirm back to me.

DID YOU RECEIVE A STUDENT ID # when you registered ...the school can't find you in the system... what name did register under?

I can't pay for you until we can find you in the system... Thanks, Lesley
