Dinner OUT tonight, for sure!

I found a 'secret escape' route into the kitchen through a slit in the plastic dust cover so I now have access to the wine supply, the sawing has finished, only scraping and sweeping now, Cricket went to sleep and Randy showed up so [REDACTED] feeling lots better!! Love mom

hehehe! Cute.

I need a LOT of "stepped on" grapes today! 5 or 7 Mexican guys (not sure how many – they're running around so much you can't count) are sawing and scraping wood off the concrete slab, jabbering in Spanish, stacking ALL the furniture in the kitchen (which is now completely un-accessible), Cricket is howling and it's POURING rain outside! Lovely!

AND I can't even get to the wine! It's behind the 'blockade'. Oh, and Randy scheduled himself to an outside business meeting, leaving me here to enjoy the mayhem!! Fun. (not), Love mom

Here is a little joke -- one for each of you!

What does a grape say after it's stepped on?

Nothing. It just lets out a little wine.

What do computers snack on?

Microchips.

xoxoxoxo Ashley
