That's the only quote I got. If we can get one quote to compare it with I think that would be helpful but he was great and easy to work with .

Sorry to bother you again but was hoping to get the quote you received for the mailbox project. Or even if you could let me know who you received the quote from perhaps I can go to them to get the quote. Just give me the name of person/company and I can take it from there ! Would greatly appreciate it. Any info you have on it I'll take. Thanks. [REDACTED]
