Hello Harrison...Is it possible for you to please just send me details of the flights we discussed changing for [REDACTED]? My phones are not working...not my cell or my home phone...we are having issues (arg!) I have tried to call you back numerous times and cannot make a connection...I do see you called me twice on my cell...

I understand we cannot hold the flights...I just want you to send me the option and price tags...

Thanks, [REDACTED]
