Good afternoon Rich, upon receiving your email I spoke to our licensed electrician of whom those rates came directly from. He has remained firm with those rates and told me those are his electrical rates going forward.

I do know that you have an electrician on staff, we are willing to remove the electrical cost completely if you would prefer to save on costs and do the electrical in-house. If so This would bring the total costs to \$54,925.00. Let me know if this works better for you and I will update the quote and resend.

Otherwise, we are happy to move forward on the shaded roof for the previously quoted amount of \$59,875.00 affirmatively; Start date would be one week from receipt of 35% deposit for mobilization and completion would be 4 weeks from MOB date.

I am also working feverishly to arrange the barge run for Friday May 31st for sand, the new dump truck and other materials.

Best,

Shay

Subject: Fwd: Bid for Shade Structure

I reviewed your quote and have the following comments:

- a) Electrical points should be \$225 (same as GSJ cottage) - reduction of \$50 x 18 points or 900
- b) Timing to begin and how long will job take

We would like to proceed for 55,000

Please advise if acceptable and if so I will have daphne process 35% deposit (\$19,250) for pickup Tuesday May 28th

Thank you

Hello Mr Roberts. I would like to follow up on the bid you are to propose for the shade structure located at the flag pole pool Mike Glidden has shown you on our island. Can you please get back to me as soon as possible with this bid?

Please let me know

Thank you,
Lesley
