U are right - everywhere is the same rule : not easy to get something if u don't know anyone .
Oh, I been waiting for vip attention and finally I get it (joking), but Thank u !

Although crying is a normal part of life for everyone, sometimes people cry for what appears to be no reason at all. In fact, you may be feeling completely happy and start crying. Some people cry when they are happy or surprised, and some cry when they are angry or anxious. There are many reasons why this may happen to you, such as an ███████
