In addition , I suggest when applying for work. That you tell your prospective employer.
Why they should hire you. . not why they shouldn't

Re :china -keep in mind by reducing the yuan rate the exporters will receive more yuan per dollar. The reserves as they are in dollars already will be worth more in yuan . And as the local debt is in yuan easier to pay back and strengthens the banks

My point is that you are attempting to use money , finance and the economy as a deterrent or weapon, it does not work . I can get around it , in a myriad of ways. . you need other fronts.
