Each time she went to a doctor they told her something a little different. . her boyfriend was afraid she would gain weight and not be able to earn money. It was horrible. Her mind drove her to throw herself out of the window.

So when I hear from you. I might not want to take medicine to fix my cysts. Because it might make my skin bad . I get worried

No, Jeffrey - i didn't mean that I will not take medicine to fix my cyst ! I would love to have a medicine which can fix my cyst - no one told me that it is a medicine which can fix it , we talk about contraceptive pills - and the reason why I didn't take them it's cause I don't have a regular partner , so why should I ?

Contraceptive pills chosen correctly will most likely fix everything. Going to doctors for okder women is not what you need. I spoke to three gyno. And each suggest contraception hormone etc

The vaccination series can be started at age 9 years. Teen boys and girls who did not get vaccinated when they were younger should get it now. HPV vaccine is recommended for young women through age 26, and young men through age 21.

Movement on potentially buying the place in Victoria has stalled. Seems that because of asu retirement that income this year cannot be factored into mortgage app. Sigh.

Have to ease up on the porcacateur a bit at the beginning I think. I really lit into Martin Rees though. Wait for that one.

Audience will be mixture I think. Demographic for podcasts is mixed. And the choice of initial guests was designed to hit different demographics so we can learn who follows.
