its an easy calculation. Everyone above 100 , would have to increase their taxes. By 25% of current amount. . not likely

More difficult now as the tax rates were reduced. So the 25 % is more difficult. ie. If I reduce your tax due from 100 to 50 . I've reduced it by 50 % . however. Just to bring it back to where it was I now hav to increase it by 100%. . ie from 50 to 100. Math is tricky

You wouldn't believe the amount of trouble we had with the magazine. They were spineless and cowardly to the very end. They wouldn't even put the story on the cover after promising Daphne that they would if she made one change which she did. Then they let Dylan's lawyer look at it and they made even more changes. The article you're reading now is a lukewarm version of what it should've been. Ronan also called Adam Moss prior to publication and put pressure on. I'm sure Mia's contingent will be out in force. However we have truth on our side not that that's gotten us anywhere so far.

You are so mistaken about me having a platform. New York Magazine thought they were very brave to put this in their article. They thought they were doing us a favor. We didn't have many choices. It's not as if magazines r banging at our door.
