All documents will be subject to legal review. Worry only about. Reputation and money. ! number of years payout. ? protects the university. As you will forfeit if a valid complaint arises. . I would like pay till retirement. .

Forfeit if a valid complaint arises unworkable. University can't investigate complaints once I am retired. Or do you mean valid complaint of past behavior?

I am redoing document without details of retirement in there. To be negotiated when we meet.

I would love you on phone when meeting but don't believe I can have an advisor in that meeting.

DO not give in too quickly !!!! You want to be paid until retirement at 75. When he says that's ridiculous. . DO NOT say. Well what about .....x. ask questions. ONLY. Why do you think that is fair. Are you aware . ? if you say what about half that amount. You are screwed !!. Be strong. no crying this time

It is not a touchy feely feel good session. No confessions. I think we are both aware of two things. 1. The university does not have an airtight case for dismissal. 2. It is clear that I am no longer welcome. He will say , no you are welcome . Of course you are. . to take away your leverage. It is not real

Let's hope it is an inflection point and not a mudslide. :)

My bet is he won't say I am welcome. If you can bet this won't be feel good session. I will start off cordial but aim to convince them they will be getting off easy with everything I

want.

I am betting he will start by saying that I deserve dismissal but they want to be kind and let me resign.

Good news I guess. Dean was told my general parameters. Asked the provost and president and they said that was close enough for conciliation committee to write a report, since dean isn't empowered to talk about any details re retirement, severance , statement to save face (which apparently the dean was ok with) and that now I should deal directly with provost and president to see if we can hash out specifics. The committee will write the report on Wednesday, and then presumably after that I will be put in touch with the Provost. I have told them that I do not wish to negotiate through my lawyer. I also made it clear that they know that I'm not agreeing to anything specifically at this time. So I guess it is as good as it could be. I was really having a roller coaster today.
