You should merely say yes. Tape record the conversation. Be prepared to 1 say reputation and money. Though with crows statement it is now super hard. 2 . Agree to meet crow plus . Ask if you can have advisor present. 3. My favorite is to say that you are disabled (and they need to make accommodation). It is very clever. And your behavior proves it. IM not kidding

From a witness - Christine has been afraid of flying her entire adult life. Prosecutor Rachel Mitchell repeatedly challenged Christine about her of flying, in an effort to impugn Christine's general credibility. I could have provided the FBI with the names of at least half a dozen people who have flown with Christine and can attest to the fact that she has panic attacks before she flies. She controls those attacks with medicine prescribed by a doctor.

Thanks. Will call you later. Crow indeed made a point of violating the confidentiality of the process.

Problem is that committee told me that meeting with dean was cancelled because dean wasn't on a position to discuss terms. The next person I would speak to would be provost.

So dean shouldn't be talking to me.

Anyway, will call you later.

Shouldn't couldn't wouldn't these are all silly terms. It is about congeniality. Crow has made the situation toxic . He said we did all we could to get rid of him. That's why falling back on your social disability is a rational view . There is little you can do now about your reputation after crows comments. So money , might be point to argue. . DO NOT reach out to committee chairman. !! not sure why you would even think of doing that. Just say yes. . i'll talk. And listen and record.
