in the early 90s . His closest friend put him in his apt and told him not to come out if he wanted to remain out of bankruptcy . He did and he did. He enjoys screwing those closest that try to help him. He knows he is not smart so those that win an argument , fall into a category that force him to look in the mirror. -- horror

Yes, I would argue that many institutions have been rethought, dislocated, as a result of the internet and its connectivity. retail. (amazon) news. (instant) Politics (protests and uprising) . Labor (foreign outsourcing) , the world is connected by money and fundamentally that hasn't changed in 400 years. Since Venice banks. - future, human ATM machines. Global currency, there is a danger of a new class of people. Ie. Not the working class or the middle class but we are producing the. " useless " class.
