I feel like this is an era for women to speak up and that these types of assaults aren't ok. If this does run do you think I can and should fight back? Like write an oped or sue for libel or malice? Zero factual anything. Hoping that bc there is zero fact they can't say anything. The one fact is that there was an investigation. But if they report that they have to report that they found nothing. Ugh

What do you think?

FT may still write a piece but will not use names other than [REDACTED]s. The remaining Yahoo reporter is continuing to press but the [REDACTED] lawyers and Bank legal teams supposedly continuing to make progress.
