These just aren't true

I traveled to same cities but not with █████

Like I went to Davos with █████ team one year and another i went as the chair of █████ █████

And █████████████████████████ to give a talk and I was there because It was my quarterly check in etc

And dining alone w███ seems like a weird accusation because we all sat in an open space big room and there are tables everywhere but it isn't alone it's just in the same big open room

From Steve
_____

I think first ask jee.

Second make the time. You made it this far.

Third if it were me I would write answers to these but get on the phone. The one thing he says is "they thought these allegations serious enough to raise" is flawed because that isn't how "smear campaigns" work (his words I quoted). I would just be factual. I would follow up with the email proof and tell him just that—I only have the ones that went to gates too.

You can calmly talk about reporter being non salacious but if he is trying to be then he is missing the boat on salacious.

He doesn't know about the real affair that Jim is having with shalimar. That's the problem.

Ask jee.
